## SKILLS

### PROGRAMMING

Languages:

- Python
- java
- JavaScript
- C

Tools:

•Git •Linux • windows

Web Technologies:

- HTML
- CSS
- Typescript
- node.js
- react.js

Technical Concepts:

- Data Structures and Algorithms (Java)
- Object-Oriented Programming (oop)
- Database Management Systems
- Computer network

## EXPERIENCE

### GA DIGITAL SOLUTION | WEB-DEVELOPER INTERN

| May 2024 – June 2024 | Hyderabad, Telangana

- Developed multiple fully responsive web pages, integrating front-end and back-end technologies for a seamless user experience.
- Gained hands-on experience in front-end development, back-end integration, and quality assurance.
- Collaborated with a team to develop multiple pages for the Dr. Anish Anand Physician project.
- Demonstrated strong work performance, receiving positive feedback from the internship supervisor.

## PROJECTS

### Game Explorer Web Application | [Link](#)

| React, TypeScript, API Integration, Chakra UI

- Developed a web application to display video game details, fetching data from an external API (rawg.io).
- Engineered a responsive user interface that enhanced the accessibility of video game details; managed API interactions to ensure fast load times under 2 seconds while serving up to 500 concurrent users without downtime.
- Utilized RESTful API calls to handle game data retrieval and efficiently display results in a user-friendly interface.
- Leveraged Chakra UI to design a clean, intuitive, and responsive layout, enhancing the overall user experience across devices.

### Sekhar Albums | [Link](#)

| React, TypeScript, Tailwind CSS, Web Development

- A portfolio and booking website for a photography organization.
- Designed and developed a visually appealing and fully responsive website with a clean UI/UX for seamless user experience.
- Designed multiple sections for better content structure and navigation.
- Integrated Google Maps API and WhatsApp chat for enhanced user engagement.
- Implemented interactive features, including button click sound effects, Google Maps integration, and WhatsApp for direct communication.
- Enhanced security and usability by disabling right-click and optimizing website performance for fast loading.

## CERTIFICATION

- Completed NPTEL Java Programming Course, demonstrating a strong grasp of Java fundamentals.
- **UDEMY**: Complete Web Developments (HTML, CSS, JavaScript, React, Node.js and more)
